As the cannabis industry continues to mature, so do the accessories for those who enjoy the sweet satisfactions of our most cherished companion, Mary Jane. This leather-bound stash case from Walnut Studiolo “retools the romance of old world craft for the modern lifestyle” and is a great way to transport, or store, cannabis. Show up to soiree toting one of these packed with three different top-shelf selections and we can almost guarantee “oohs” and “aahs” from your classy cannabis-friendly hosts. These leather-bound organizers come complete with three stash jars and, for an additional price, can even be monogrammed. Its makers say the style harkens back to the days of liquor cabinets and cigar boxes, but we’re ever so glad this product suggests a healthier alternative, beautiful buds with smoking accessories to match.
